# SECURITY CLEARANCE PERMISSION FORM

This form is kept in a locked drawer separate from other materials to keep social security & other ID numbers private and to record data needed by PEACE but is confidential from the sending family, student, school, & our government.

U.S. Department of State Regulation 22 CFR 62.25(k)(7) requires sponsor programs to "Verify that each member of the host family household eighteen years of age and older and any program representatives interacting with students have undergone a criminal background check".
**The search agency cannot examine public records without the social security number and date of birth of the person(s) begin checked.**

Please provide 10 years residency and the below information for all members of your household who are over age 17 when student arrives. Does not apply to children living out the house or away at college and only returning to visit at holidays and breaks.

I/we, the undersigned, authorize any government agency, medical facility, employer or criminal/credit check agencies to release information held on me/us. Attached or copied to the empty space on the front and back of this form (whichever is more convenient) are copies of our drivers licenses, concealed carry permits, hunting license, gun registration, and any other ID that permits us to legally conduct our affairs in activities that may be considered dangerous enough to require licensing or registering. By asking you to prove state or federally required licensure, protects both of us and is confidential between us.

* We ask you to also check your student's insurance for exclusions of coverage for hazardous activities and check your homeowners for protection of you against injuries that may happen on your property that create liability. We are not opposed to hunting, climbing, caving, boating, water or snow skiing, operation of ATVs, jetskis, motorbikes or farm equipment and other things that are legal but do add risk to ourselves and family members who participate.

You can find most any kind of specialty insurance on line or asking your property and casualty agent. If he or she believes your student is not covered they may advise the student to take extra insurance before participating.

Many exchange students have taken gun safety classes, obtained hunting & fishing licenses, driven snowmobiles, mountain bikes, jet skis, and the like; but we ask you to be prudent in seeing that they are properly insured and, in some cases, asking their parents to give permission by email allowing their engagement in things that may be wonderful opportunities to learn and experience but, nevertheless, risks their parents may wish to deny their minor children (under 18).
