MEDIC-ALERT I.D. BRACELETS

If your student has allergies or other medical conditions not obvious to emergency medical personnel, the wrong medication could be deadly.

A medical I.D. bracelet or necklace gives lifesaving information to EMT's even when a student is unconscious. PEACE has provided your student with an application. If his history indicates a need for a medical I.D. bracelet and he does not appear to wear one, please discuss it with him. If he lost his application and wants another, call us. This is a world-wide service.
