Dear Father,

The majority of families who volunteer to host a foreign exchange student through our program learn about it from an announcement in their church bulletin. Hopefully the next will come from yours.

These students are high achievers who will be leaders in their communities as adults. They can gain an understanding of the

United States and its people through participation in Catholic American family life and school attendance while they try to perfect their English language skills.

A host family can gain insight into another culture, as well as helping to shape a future leader's perception of our country. Both student and host family have the opportunity to form a lifelong bond of friendship.

We ask you to help us in our search for good, qualified host families by placing this announcement in your bulletin as often as possible until the season is over.
